

## MAP Applications – IMPORTANT UPDATE

**As of July 30, 2026, NJDOT no longer accepts paper applications for Major Access Permits. Applications submitted on paper before July 30, 2026 are not affected by this change.**

All permit applications, LONI requests, and Pre-Application meeting submissions must be made through the NJDOT Major Access E-Permitting system at [www.njdotepermits.net](http://www.njdotepermits.net).

### **If you are new to the system:**

- Create an account at [www.njdotepermits.net](http://www.njdotepermits.net)
- Review resources and contact information below

### **If you have an existing account:**

- Log into your account at [www.njdotepermits.net](http://www.njdotepermits.net)

### **Two New Modules Now Available Online:**

#### **1. Letter of No Interest (LONI) Requests:**

You can now submit LONI requests directly through the platform. A LONI is a determination by NJDOT that a permit may not be required for your proposed activity.

#### **2. Pre-Application Meeting Submissions:**

You can now submit pre-application meeting requests online. This replaces the prior email process for initiating pre-application meetings.
